

**Imagine** a language through which people of all nations can communicate ... a universal tongue that enables humanity to rise above political and philosophical differences...a force so powerful that it binds humankind through a common energy, bringing us closer to world peace.

***Art is that universal language.***

24 artists. 24 different countries, different cultures, different experiences. A world apart. Yet we are connected.

***Can you feel it?***

The **Art Beyond Borders** exhibition is a project of TIMOTCA, *The International Museum of Twenty-First Century Arts*.

It introduces the celebrated artists who have officially been nominated by their respective countries and selected to participate in TIMOTCA.

**Art Beyond Borders** premiered at United Nations Headquarters, New York, and has traveled the world.

Transcending politics and working to serve as a catalyst for peace and cultural understanding, TIMOTCA's ultimate goal is to establish the world's first global Cultural Centre celebrating the rich and extraordinarily diverse cultures of all countries and cultures of the world.

To date, over 60 countries have accepted TIMOTCA's invitation to participate.
